WTW Application Information

Design plans submitted for review of the proposed WTW dispersal system requires the following minimum information (list not all inclusive).

Provide the following:

- Completed WTW plan review application and fee

Plan must show:

- Property lines
- Existing buildings and accessory structures, garages, swimming pools, etc.
- Existing and or proposed Storm drains, foundation drains, drainage structures
- Septic system
- Septic tank
- Subject property well
- Neighboring wells
- Wetlands and water courses
- Soil testing information
- Proposed depth into original grade for the bottom of WTW dispersal system
- Location of WTW disposal system with offset dimensions from at least two known points (example from house corners)
- Type of disposal system proposed (length, height, type of conveyance pipe, holding tank, if applicable)
- Allow a minimum 48hour notice for site inspections, if required.
- Installer shall provide an As-Built drawing of the WTW disposal system to NCDHD with distances from two or more permanent reference points.

All Water Treatment Wastewater (WTW) disposal systems shall prevent the discharge of WTW to the ground surface, wetlands, or open water courses and shall comply with Connecticut Public Health Code Section 19-13-B103 and the Technical Standards Section X.
